Prof. Tomotaka Sobue
President of the JEA

Comments:

Name	Mr. Md. Mahfuzur Rahman
Nationality	Bangladesh
Institution	Global Public Health Research Foundation (GPHRF)
Abstract title	Prevalence and risk factor for tobacco use among adolescents in Bangladesh: a multilevel analysis
Comments	<p>I would like to express my gratitude to the Japan Epidemiological Association for giving me the opportunity to attend the 29th Annual Scientific Meeting of the Japan Epidemiological Association in Tokyo, Japan. It's a nice international platform for researchers to share their knowledge with the famous epidemiologists from Japan and overseas. As a young researcher, it's a great opportunity for me to present my research to get valuable comments from many epidemiologists. I enjoyed many oral and poster presentation on different topics of epidemiology. This experience from the Japan Epidemiological Association meeting made me confident to do better research in the future. Again, I would like to thank the Japan Epidemiological Association for warm hospitality. I have unforgettable memories in this meeting and I look forward to attending the JEA scientific meeting in the future.</p>

Name	Dr. Yora Nindita
Nationality	Indonesia
Institution	Diponegoro University
Abstract title	Interaction between genetic and environmental factors of smoking and drinking habits for HDL-C levels from GWAS
Comments	I would like to give my greatest appreciation for the entire JEA members, especially the chairman and all staff of 29th Annual Scientific Meeting of the Japan Epidemiological Association who give me opportunity for me to come here to Japan and give me a chance to present my previous study in Japan before. It was my great honour to be chosen as one of the travel grant. By attending this meeting I can get more information about currently epidemiological hot issues and the latest scientific studies in Japan and other country as well. I also met many other researchers with the same interest. Thank you for a well-organized and informative conference. I am looking forward to attend this meeting in the future.
